the team, and Coach Gargan thinks well last year, and it is claimed that he played cleverly at this position, and the fact remains that Barron has acted fairly well in this position, but Gargan seems to in order to get into proper playing con-

The trouble with Hiskell is that when he breaks through into his opponents' territory he doesn't know what to do with himself. Heiskell weighs about 185 pounds, and possesses an ideal build The most interesting fight for a position on the team is the fact that both Calnan and Foley are playing a superb

game at quarterback. Both these men have been doing excellent work, and it is exceedingly hard to pick the better man. Calnan is given the preference over Foley for the present, but it is certain that the fight will be a very interesting one. The most pleasing thing of yesterday's happenings on the hilltop was the appearance of Dave White in a workout. White did not go on the field in a suit, but participated in a long workout on H. B. Leary, Jr., Agent, the gymnasium floor. White will be out Monday, and his appearance on the field will in a great measure please all of the coaches. That Coach Ray Brown has a likely

looking bunch of foot ball players on the Preparatory School squad goes without saying. Brown has a good eleven, as was demonstrated yesterday when his team easily defeated Western High Schoo', 13 to 0. It was a wise move on the part of the athletic authorities at Georgetown when they secured the services of Brown. The team has been in need of a competent coach for some time, and in Brown they have a competant man.
